

## WEBINAR - On Tuesday, October 17th

### „How can near-field measurement revolutionize our EMC analysis?“

**Why do we use Near Field measurement?**

Sometimes we encounter EMC problems with our new technology but struggle to find solutions!

**Central European Summer Time (Madrid - Rome): from 4pm to 4:45pm  
Eastern Daylight Time (New York): from 10am to 10:45am**

We are pleased to invite you to the webinar dedicated to the EMC near-field measurement , organised by the NEXIO product team (english version). On this occasion, we'll explain what the near field is, how to measure it, and what the use cases are. The webinar will be on GoToWebinar, in live and free by registration.

#### Agenda

- // Who is NEXIO?
- // Near Field Measurement Introduction
- // Near Field Measurement Solution
- // Business Case:
  - Evolutions Management
  - EMC Design Support
  - Industrialization and Sub System Validation
  - Military Project
- // Discussion, Questions/Answers
