

## New & Updated Auto-Test for for Radio-Test-Set Model 3920 & 8800 MOTOTRBO™ Ion Smart Radio

VIAVI Solutions is pleased to announce the addition of the new Motorola Solutions ION model radios to our extensive Auto-Test library. The MOTOTRBO™ Ion Smart radio is the first business-ready communication device with all-on voice and broadband data capabilities.

We have also released updated Auto-Test Applications for the 3920 Series and the 8800 Series Radio Test Sets.

### The Auto-Test Update for the 3920 Series includes:

- Option 610 - Motorola MOTOTRBO Series Auto-Test and Alignment (Vers. 5.0.0)
